Naomi and Mez x

Pottymouth started with two ceramicists, a couple of wheels in the back of our cars, and a mission to make pottery more accessible—and a lot more fun.

We're Naomi Stokes and Meredith Mason. We met in a shared pottery studio in Bristol, having both spent years developing our practices in clay. Naomi studied Fine Art at UWE and has a background in throwing functional, wheel-thrown vessels—mugs, bowls, jugs—the kind of things you live with every day. Meredith studied Artist Designer:Maker at Cardiff Met and works more sculpturally, often experimenting with surface textures and forms that push the boundaries of traditional ceramics.

We each had about ten years of making behind us, and a shared history of working in pubs and cafes while studying. That overlap between hospitality and craft got us thinking: what if we brought the relaxed, sociable feel of the pub into the world of pottery? Not everyone feels comfortable walking into a traditional ceramics studio—but most people feel at home with a pint in hand.

About us

So we started running workshops in some of our favourite Bristol pubs, hauling bags of clay and boxes of tools into beer gardens and back rooms. We wanted to strip away the formality and make space for play. People loved it—and we did too.

Two years in, we found our dream studio space at Windmill Hill City Farm and began offering longer courses alongside our classic pub nights. Now, three years strong, Pottymouth has grown into a small but thriving team. We still run regular pub workshops across Bristol, Bath and the South West, and our studio now hosts handbuilding and wheel-throwing courses for all levels.

At heart, we're still doing what we set out to do: sharing our love of clay, making people feel welcome, and keeping things down to earth.

What to Expect

Each workshop lasts 2.5 hours and includes all the materials and tools needed to create your own ceramic masterpiece. Aprons are provided, but we recommend wearing clothes you don't mind getting a little messy.

You'll choose one of three project outcomes for your group:

- Mug
- Vase
- Planter

All guests will make the same item, so please include your preference in your initial enquiry.

One of our experienced instructors will begin with a demonstration, guiding you through the steps to shape your form. From there, it's your turn—though we'll be on hand throughout the session to offer advice and assistance whenever needed.

Once your piece is shaped, you can spend any remaining time decorating and adding texture using our selection of tools and colours. After the workshop, we'll carefully transport your work back to our studio for firing and glazing, sealing the clay and giving it a beautiful, glossy finish.

Your finished pieces will be ready to collect from our studio approximately four weeks later.

How to Book

Booking a private pottery session with us is simple and stress-free. Just send us an email with a few key details: your preferred date and time, the number of participants, and a location if you already have one in mind. From there, we'll take care of all the planning and preparation.

If you'd like us to organise a venue for you, we have a trusted directory of beautiful local spaces we regularly use—many of which offer food and drink to complete the experience.

To confirm your booking, we require a 15% non-refundable deposit. The remaining balance is due 14 days before your event date.

Where to host your Workshop

Pop-up Workshop in your Venue

If your party has suitable indoor spaces—such as covered gardens, meet air bnb's, or dining areas—we are often able to bring the workshop directly to you. This offers a convenient and accessible option, removing the need for group travel or external arrangements.

We take care of everything, including full setup and pack-down, so you and your team can simply arrive and enjoy the session. To ensure the space is suitable, we have a set of requirements that we'll be happy to discuss with you in advance. In some cases, we may request photos or a site visit prior to confirming the booking.

Pop-up Workshop in a Hired Venue

If your venue does not meet our requirements—or if you're simply looking for a change of scenery—we work closely with a range of excellent local venues where we regularly host workshops. Many of these spaces also offer food and drink, making them ideal for a creative and sociable experience.

Venues are selected based on space, availability, and suitability for the workshop. If you have a particular location in mind or a venue you'd like us to consider, please let us know when you enquire—we're always happy to explore new options.
